SUMMER READING PROGRAM 2023

Community Library Network
WE EMPOWER DISCOVERY

A MESSAGE FROM LINDSEY MILLER-ESCARFULLER INTERIM COMMUNITY LIBRARY NETWORK DIRECTOR

We are thrilled to invite you to experience **ALL TOGETHER NOW** at the Community Library Network this summer. Our programs are designed to empower children, teens, and adults to discover new books, hobbies, and resources offered by the library. Our staff have spent the last year planning excellent programs and we are excited to offer these programs at our libraries and throughout our communities.

Summer programs are a perfect time to promote the joy of reading, lessen the impact of summer learning loss, connect our communities, and engage all members of our community with dynamic programs to support lifelong learning. The Community Library Network offers something for every age: books, music, online resources, concerts, cooking demonstrations, hiking, writing workshops, and so much more.

We welcome you into our libraries and look forward to celebrating **ALL TOGETHER NOW** this summer and beyond.
